Dear Monica:

You may be aware that in April of 2014, the FCC released guidelines for realtime and offline captioning best practices, which will go into effect in January of 2015. **The closed captions that VITAC provides for PMI and its clients satisfy the quality standards required by the FCC for accuracy, synchronicity, program completeness, and placement. VITAC is otherwise in compliance with the requirements of the Report and Order in CG Docket No. 05-231, FCC 14-12.** In other words, VITAC's captions always have and always will meet or exceed federal regulations.

We have enjoyed working with PMI, and as always, we are eager to provide any consultation you may need. Please don't hesitate to call with questions about the new FCC regulations.

Sincerely,

Darryn Cleary
Senior Vice President of Sales
